# We Invite You

Again we extend a cordial invitation to every Polled Shorthorn enthusiast to attend our sale at Lincoln, Nebraska on Friday, February 21, 1947. We have endeavored to assemble a group of animals that we feel are superior to any offering we have ever made. How well we have succeeded, we leave for you to determine sale day.

Those who are familiar with the development of the Polled Shorthorn breed are fully aware that Hultine and Blomstrom bred bulls and females have successfully been included in the foundations of the strongest herds of America.

That these sixty animals will provide an opportunity for still further improvement of the breed is our sincere belief, and that they will prove profitable to those who buy them is our greatest desire.

All selling in fine, thrifty, growing condition and properly handled and fed to insure their future usefulness, we believe we can frankly say they represent our finest production to date. As great believers in calfhood vaccination as a preventive measure for Bang's disease control, we have successfully followed this practice for several years. Accordingly, all the females selling have been vaccinated in this respect and can safely be added to any herd in America with definite assurance of their 100% working condition as regular producers and soundness of health.

A hearty welcome awaits you at Lincoln, Nebraska on February 21 and we would like to have you as our guests.

### Valley View Gloster x

This outstanding daughter of Gloster Dale was purchased in the National Congress sale by Cherry Hill Farms, Reisterstown, Maryland, and in their new record breaking sale last fall sold for the third top price to Janes Farm, Chillicothe, Ohio.

## The Right Kind

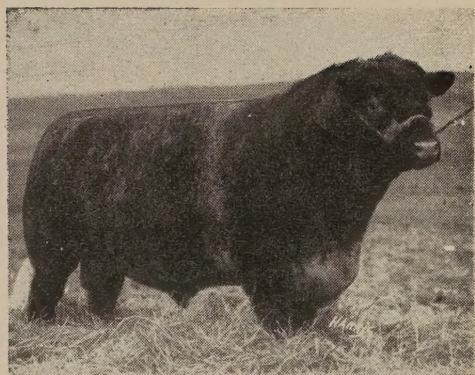

COLLYNIE DALE x2074112—Sired by Gloster Dale x and junior champion bull at the last International Live Stock Show. Now in service in the Lovell Corporation herd at Monticello, Iowa.

MARDALE'S CROWN x—The sensational top-selling bull at the 1941 National Congress Show and Sale. Sired by Collynie Mardale and bred and sold by Fred Blomstrom & Sons, to Old McDonnell Farm, Yorkville, Illinois.

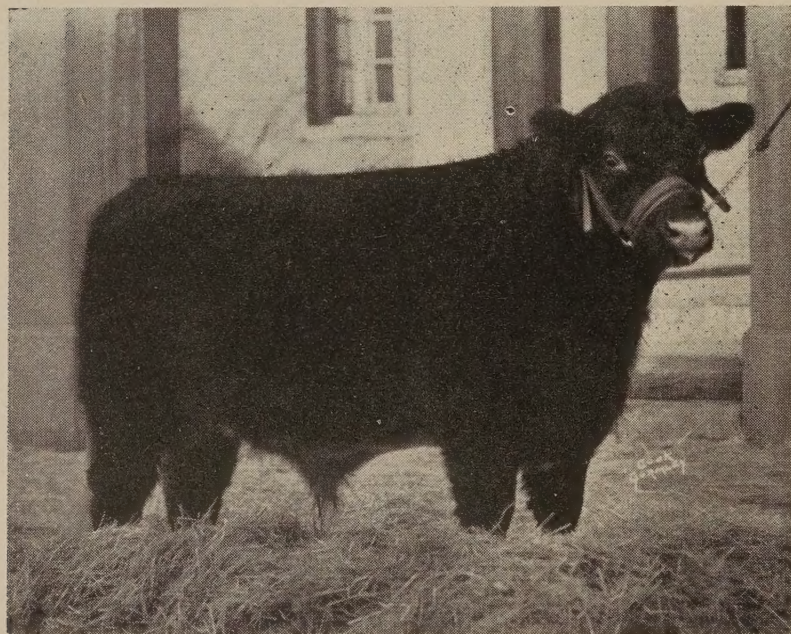

**Collynie Stardale x187093**

## Grandsire

Collynie Stardale x187093—By Collynie Sensation x by King Collynie Jr. x. And now senior stock bull in the herd of The Lovell Corporation, Monticello, Iowa. He is the sire of the Blomstrom herd sire, Gloster Dale, whose get feature the Blomstrom offering in this sale. Collynie Stardale's daughters were the top selling females in the 1941 and 1942 NATIONAL Polled Shorthorn Congress Sales. Photo taken in working condition at 7 years of age.

**Gloster Dale x1962255**

## Sire

Gloster Dale is pictured here as a yearling when he headed his class at all of the strong shows in 1939. He was never exhibited following this but has been in active service in the Blomstrom herd ever since. His record as a sire is phenomenal, the 30 sons and daughters in this sale further add to his prestige.

## Grandson

Dale's Crown a son of Gloster Dale that topped the 1943 Huitine-Blomstrom sale when he sold to Bert Hansen of Shadybrook Farm, Vernon Center, Minnesota. At Shadybrook this young sire has already carved a niche in "THE GREAT BULL" hall of fame.

**SPECIAL SEAL**—Reserve Champion at the last Omaha Sale. Due to the fact that we are retaining the young bull Valley View Sensation in our herd we have decided to offer this young herd bull because he is so closely related to so many of our females. He has been used liberally in our herd and is right in every way. He was also used on a few females in the Brown herd before we obtained him. He has short sturdy legs, a near perfect tail setting, extra good in the quarters and is well covered. Along with this he has a pedigree that guarantees his worth as a sire.

**VALLEY VIEW EARL** — The first calf sired by Valley View Compact and the few we have by him are really outstanding. He is a heavy-boned, thick, soggy, good-doing bull that should head a top herd. He is from the same dam as Jealousy 23d (Lot 57 in our 1943 Sale) that sold in our 1943 Sale to Herb Warner of Dakota City, Nebr. If you want top breeding in a herd bull, this bull should suit anyone. Note that he is sired by a son of the famous Collynie Compact. His dam produces a top calf every year. ## Grey Gables Herd Briefs

Points of interest in the Grey Gables herd must necessarily center around the bull Lord Collynie, International champion 20 years ago and again 18 years ago.

A brief history of his breeding may be of interest to the younger breeders. In 1920 six Imported cows were added to the herd, among them Snowdrift bred by James Durno and sired by the Duthie bred bull Collynie Cruiser. Mated to the champion polled bull, Lord Barmpton, she produced Snowcloud who when mated to Dale's Renown, deep in Avondale breeding, produced Lord Collynie.

We feel safe in saying Lord Collynie proved the greatest improver of the Polled Shorthorn breed. His offspring have invariably brought improvement wherever they have gone. Prize winners of today are almost an exception where they do not trace to him. At the Six Polled Shorthorn Congress Shows and Sales all the champion bulls are direct descendents, all but one of the reserve champion bulls and four of the champion females. At the recent International both champion and reserve champion bulls trace direct to him. So does the champion female.

His son Daybreak's Collynie out of Scottish Daybreak 9th, champion female at the 1931 International, was a disappointment in that he came with horns but otherwise shorter coupled and thicker fleshed than his sire. Daybreak's Collynie was a marvelous bull as to fleshing qualities transmitting both this and superior milk qualities to his offspring. We cannot think of two greater bulls than his son Daybreak's Bud and his grandson Collynie Compact.

At the time Collynie Compact was sold to H. L. Straus we expected Riverside Fascinator to take his place; however through an injury his service was cut short.

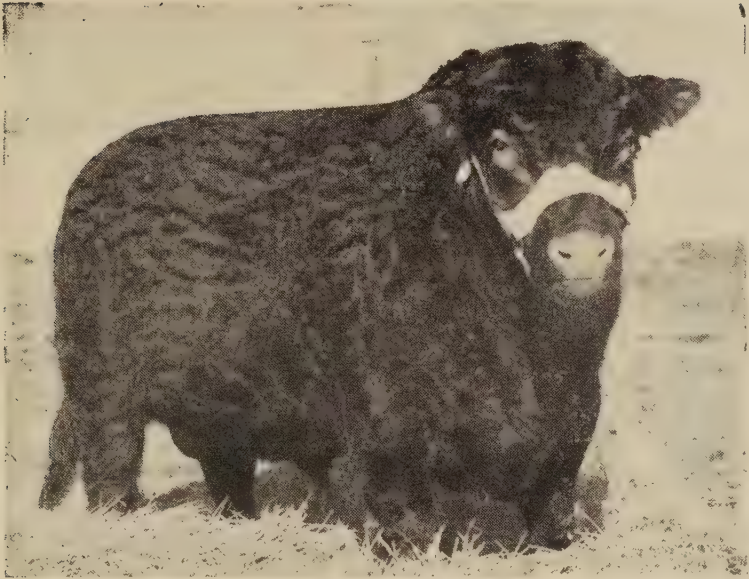

Collynie Good News by Riverside Fascinator and out of a daughter of Daybreak's Collynie is the bull we are now using. About 70 cows either carry his service or have calves by him. We want breeders to pass opinion on his first bull calf dropped last June 29th. We named him Collynie Nobleman.

The junior herd bull Riverdale is owned in partnership with Fred A. Johnson. His grand dam, Lady Daybreak, a daughter of Daybreak's Collynie when fresh gave close to 8 gallon milk per day. Lynnwood Nugget, sire of Riverdale, is out of a half sister to Daybreak's Collynie.

Collynie The Great is another son of Riverside Fascinator owned in partnership with Fred A. Johnson.

Saronville, Nebraska

## Collynie Fascinator x

Collynie Fascinator by King Collynie Jr. left a great breeding record at Grey Gables before he was sold in 1944 to Kenner Farms, Hebron, Nebraska. He has been a 100% dehorner and consistent sire of modern type, uniform dark colored calves that have been consistent winners at major shows. His first son Fascinator was top selling bull in the 1940 International Sale when he sold to Lynnwood Farm, Carmel, Indiana.

COLLYNIE TOURIST, by Collynie Compact, topped our 1945 sale, selling to Pierce Farms, Phoenix, Arizona.

COLLYNIE MONARCH was purchased for \$250.00 by A. G. Schubert & Sons, Hamilton, Ohio, in our 1943 sale. His first son topped the 1946 International Polled Shorthorn sale at \$4,000.00, selling to Lynnwood Farms, Carmel, Indiana.

## THE PLACE to solve your HERD BULL problem

**COLLYNIE CLIMAX x2231711**

This grand headed, solid red, deep bodied son of Collynie Fascinator sold at 7 months of age in the 1944 Hultine sale to Eric Thormodsgaard, Hudson, South Dakota for \$1300.00. Later half interest was retained by the Hultines.

The Grey Gables' herd of Polled Short-horns, Fountain Head for Lord Collynie blood, has led the field in producing cattle that have made good in other herds. Careful selection of herd sires is the open secret.

Check up on this statement — "At the past State and National Fairs, as well as at the six National Polled Shorthorn Congress Shows all six champion bulls were either bred at Grey Gables or were close descendants of bulls that were bred at Grey Gables. Four of the six champion females were in the same class."

Ten International grand champions were bred and exhibited from Grey Gables including Lord Collynie x, the greatest breed improver of all times.

**COLLYNIE GOOD NEWS**—At the time Collynie Compact was sold we thought we had a suitable bull to take his place in Riverside Fascinator, a young bull really hard to fault. After 6 or 7 months use most of the time at the Fred A. Johnson farm he was injured and had to be sent to market. His son, Collynie Good News out of Lady Cherry 2d by Daybreak's Collynie is the bull we have much confidence in to pass on the thick fleshing qualities, depth of body and full quarters, also superior milking qualities possessed by almost all daughters of Daybreak's Collynie. By comparing their breeding you will note he is closely related to Collynie Compact. Both are out of daughters of Daybreak's Collynie, the sire of Collynie Compact is a great grand sire of Collynie Good News through Fascinator and Riverside Fascinator. We are enthusiastic about his calves, the first bull calf came June 29th and have named him Collynie Nobleman. We want breeders to see him. A majority of the sale heifers carry his service.

**RIVERDALE**—Another dark red, young bull owned in partnership with Fred A. Johnson. He was grand champion at Illinois, Iowa, Nebraska State Fairs last fall. We have great confidence in this bull so thick fleshed, deep and wide. His near ancestors are all noted animals. His sire, Lynnwood Nugget topped the Lynnwood sale two years ago last fall and now proving himself a top sire, he by Fascinator and out of the Champion cow, Scottish Daybreak 12th, she is a half sister to Daybreak's Collynie, both out of Scottish Daybreak 9th, a very near ideal cow good enough to be champion at the 1931 International show and giving over 7 gallons of milk when fresh.

The dam of Riverdale is Lady Daybreak 2d, second top female in our sale four years ago, her dam Lady Daybreak by Daybreak's Collynie was another near ideal cow, short-legged, deep and wide, giving nearly eight gallons of milk when fresh. The offspring of Daybreak's Collynie have proved a valuable combination of beef and milk.

Fred Johnson is to have the first use of Riverdale with the exception of two matings, one of them Lavender Violet 19th selling in the sale.
